

# **Hands Off Syria, Sydney, Condemns US & Coalition Aggression Against Syria**

Thursday 12.04.2018

Hands Off Syria, Sydney, strongly condemns the continued US & Coalition aggression against Syria.

The use of false flags, the belligerent rhetoric, together with the military maneuvers by the US and other Western countries are leading to a state of high war alert.

The people of Syria have endured eight years of a proxy war, a dirty war perpetrated by mercenary terrorists from all around the world funded, trained and armed by the US/NATO/Israel & Gulf monarchies.

Among those terrorists groups are Daesh/ISIS, al-Nusra, al-Qaeda in Syria, FSA, Jaish al-Islam and many more which have perpetrated grand scale destruction, torture and vile acts against the people of Syria.

The Syrian Arab Army (SAA) and allies have been liberating towns and cities which had been hostages to Daesh and other terrorist groups.

In the last couple of weeks the SAA liberated all of East Ghouta, a town near Damascus, which saw the freedom of 400,000 civilians who had been kept hostage by terrorists for six years.

The SAA and allies campaign against terrorists has seen the liberation of more than 80% of the Syrian territory. There is no reason for the Syrian government to utilise chemical weapons against its own population.

Syrians who have been displaced and made refugees had been returning in masses back to Syria, to government controlled areas where they feel safe and welcome.

An extension of the Imperial war with the pretext of regime change will be a greater devastation, extending the pain and suffering, and making once more refugees of Syrians.

An extension of the imperial war is nothing more than an Imperial expansion to use Syria as a spring-board to launch major wars against Iran, Russia and China - World War III.

Genuine anti-war campaigners and groups in true solidarity with the people of Syria are taking action and have called for global anti-war demonstrations.

Hands Off Syria worldwide calls on supporters to attend rallies, demonstration and to show support in any possible way, form or shape; also requests you demand from your governments and parliamentarians an end to this war escalation, an end to the funding, training and arming of so called "rebels" and end to the sanctions against Syria.
